Dear Sir/Madam,

We are pleased to share with you a great new opportunity for your company to partner with The University of Texas at San Antonio College of Sciences.

This spring – (March 27th – 30th, 2014) – we will be hosting the 10th annual ExxonMobil Texas Science and Engineering Fair (EMTSEF) to honor some of the best and brightest young people in Texas. The event will be held at the Henry B. Gonzalez Convention Center in downtown San Antonio.

The ExxonMobil Texas Science and Engineering Fair creates a strong environment of collegiality and encourage participants to share ideas in science, technology, engineering and mathematics. The annual fair provides an exciting, nurturing venue for aspiring young scientists and engineers, their families, and teachers. The four-day event attracts more than 1,200 registrants, 300 judges and 100 volunteers from all regions of Texas. The ExxonMobil Texas Science and Engineering Fair offers two levels of competition – Junior level for 6th through 8th grade and Senior level for 9th and 12th grade. To qualify for competition at the state level, students must win first, second, or third place in their category at an International Science and Engineering Fair-sanctioned regional science fair. Winners from the ExxonMobil Texas Science and Engineering Fair senior division qualify to compete in the Intel International Science and Engineering Fair competition scheduled in May of each year.

As a sponsor of this year’s fair, you would have the opportunity to introduce more than 3,500 students, parents, and educators from across Texas to your business.

We value your support, and we hope you will participate in the 2013 ExxonMobil Texas Science and Engineering Fair. Attached for your convenience is additional information about the EMTSEF and sponsorship levels, as well as an exhibitor/sponsorship form. We are also updating the fair website (www.emtsef.org) regularly with new information.

Thank you again, and we look forward to talking with you soon.
Join us as a Sponsor and Showcase Your Company!

Sponsorship Benefits

- Provides corporate partner's access to students as future employees and clients.
- Provides students with both practical experience and academic instruction through an engaging presentation process.
- Offers educators from high schools and universities an opportunity to expand their professional networks and foster new collaborative relationships.
- Gathers dedicated students from across Texas, who are interested in and preparing for careers in the sciences.

About the EMTSEF

- Hosts an anticipated 1200 participants from the State of Texas.
- Multidisciplinary event features projects within seventeen categories: animal science, behavioral & social science, biochemistry, cellular & molecular biology, chemistry, computer science, earth science, energy & transportation, engineering: electrical/mechanical, engineering: materials/bioengineering, environmental management, environmental sciences/analysis, mathematics, medicine and health sciences, microbiology, physics and astronomy, plant sciences.
- Highlights student research through visual presentations.

Sponsorship Levels

- $250 Capstone Sponsor
- $500 Pillar Sponsor
- $1,000 Patron Sponsor
  All three sponsorship levels include:
  ▪ Mention in EMTSEF Booklet
